LOS ANGELES

About

Banke Balogun is a Los Angeles–based healthcare solutions consultant, speaker, model and arts advocate.

A UCLA-trained public health professional with more than a decade in healthcare management, including Dignity Health, she now helps health systems modernize operations and digital workflows with technology. She speaks internationally on health tech, AI and building a career in tech, serves on the Board of Directors of the LA Opera League, and founded The Encore Society, an arts community for Los Angeles.

Healthcare · Technology · Culture · Impact

For editors & producers

Story *angles*

From hospital operations to health tech

A decade running physician practices and hospital operations, then a move into healthcare technology.

Breaking into tech from a nontraditional path

Practical advice for professionals who don't fit the usual tech résumé.

Boardrooms, stages and runways

A career spanning healthcare, technology, modeling and philanthropy.

Making AI more human in healthcare

Where AI genuinely helps patients and staff, and what health systems get wrong when they modernize.

Opening the arts to new audiences in Southern California

Why so many people who love the arts rarely go, and how The Encore Society helps.

Nigerian roots, global community

Co-founding Naija Gal Network and building community across borders.

Speaking
